## HIS IMAGE ...

Father image, loved, respected and feared ... Brother image, comrade, sparring partner, and understanding human ... Friend image, dependable, loyal, true, and generous ... Teacher image, dedicated instructor with the power and ability to mold men.

Through the years the PIONEER has been dedicated to diligent leaders who have gained love and respect through work and loyalty. Never has a dedication been made to one so close to the hearts of the male students. With great pride and appreciation, we the Senior Class of Nebo High School dedicate this book, THE 1970 PIONEER, to ...

THE IMAGE ... MR. MAX ROBINSON.

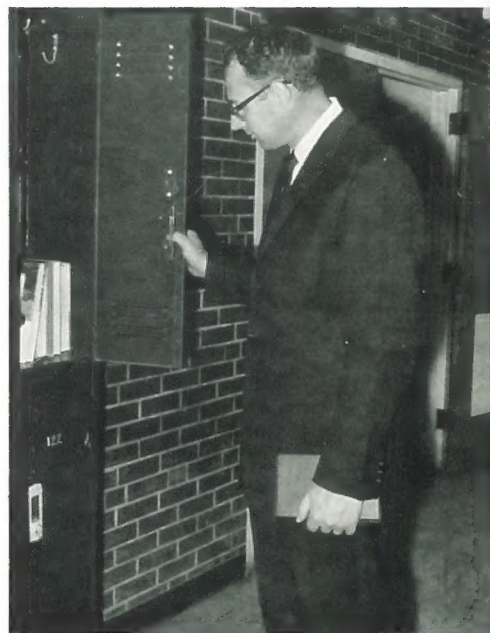

JACK KIRSTEIN, PRINCIPAL

The ideal of this school is that it provided an environment which caused you to grow mentally, physically, and spiritually. Just how much value you received from Nebo School can never be measured. The impact of a particular friendship or memories of a class or a teacher will be with you forever. May God bless you always.

*Jack Kirstein*

A friendly conversation.

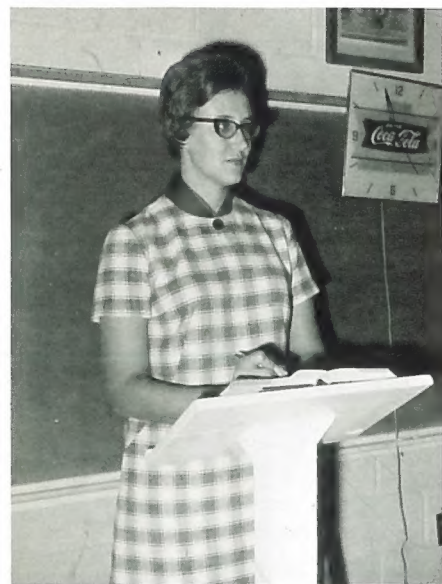

A little inspection may "pay" off.

## *In Tribute*

As we, the class of 1970, look back to our three previous years, we see in them a man who guided us through and kept us on the right path. Thus it is only natural that we should honor this person with a special tribute in our yearbook. He gave eight years of his life to Nebo School; he followed our ball teams from game to game. He shared our sorrows as well as our joys.

As we look back, we appreciate even more than ever the things he did for us. We cannot help admiring him; we cannot forget him! Thus we pay special tribute to G. L. BYRD in this the 1970 PIONEER.

## *Editors' Message*

This page brings to an end many hours of hard work and many moments of precious times. We would like to compare the phases of our yearbook to the Pioneer movement. Just as we have imaginative memories of the Old West, we have real memories of this year at Nebo High. In the years to come as you turn the pages of this annual, we only hope that we have captured a moment or an experience that will remind you of how precious these pages are. As this school year comes to an end and dreams become realities, the 1970 Pioneer will be a symbol of many treasured events. As you look back over the years, we hope that you will remember the many friends and many moments shared together during 1970.

We would like to thank each one of the annual staff and Mrs. Hartley, our photographer, who have helped to make this annual possible. Most of all we would especially like to thank Mrs. Kelley, our sponsor, who gave us her advice, understanding, and time. Without the help and ability of such a dedicated person this annual could not have been possible.

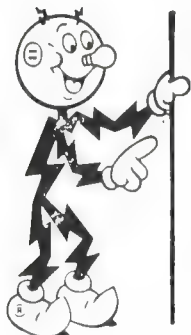

Your editors,  
JEAN GARDIN, BETTY DAVIS

Kenny,

I still love you as much as I did when we first meet. I don't know what I would do without you, because when you first ask me to go steady I knew I would be getting what I always wanted. A love, a true love and only your love. Kenny please don't do me wrong, and don't look at my picture because it is awful. (Soph) Brenda Moore

Kenneth,

This has been quite a hell of everything. But I think  
I'll have been more than I could have imagined. I didn't  
know it could be all that. I don't know what  
you get to play first. I don't know what  
I do write but I guess I do. I don't know what  
I guess this all. May you be the best of luck but  
everything you attempt to do. I don't write so much  
The reason I wrote here is  
because you can't read it
